WORK EXPERIENCE

PROJECT OFFICER | ASPILOS FOUNDATION | JUNE 2022 - PRESENT

- Recruit, train, and coach over 20 beneficiaries on front-end web development.
- Led project beneficiaries of 20 persons to create GitHub account and pages, which allows all them to have their save their projects and repositories hosted.
- Reduced beneficiaries drop-out rate by 10% by communicating effectively with them, being supportive and involved in their tech journey as well as encouraging them to reach out when they feel overwhelmed.
- Implemented the training on digital literacy and web development and successfully coached over 20 developers.
- Spearheaded project meetings, collaborating with cross-functional teams, partners, and management to meet project milestones and training deliverables; ensured successful completion of 3+ projects within set timelines and budgets.

WEB DEVELOPMENT TUTOR INTERN | ASPILOS FOUNDATION | MARCH 2022 – MAY 2022

- Assisted in recruiting over 25 project beneficiaries for frontend web development.
- Supported the mentoring and internship aspects of 15 developers in frontend web development.
- With an overall success rate of 80%, I aided the project officer in ensuring that the project participants could fulfill the tasks effectively.
- Mentored 3 of the project beneficiaries in frontend web development, enabling them to achieve professional growth and personal goals.
- Worked with Project officer to keep on track with the project plan and timeline.

NATIONAL YOUTH SERVICE CORP INTERN | RAW MATERIALS RESEARCH DEVELOPMENT COUNCIL | JANUARY 2021 – DECEMBER 2021

- Conducted Studies on the development of mineral raw materials, processing equipment and technology, market potentials, etc.
- Conducted studies on the development and utilization of mineral raw materials.
- Collated and processed data.
